

NOT FOR THE RIDE!

Next time you see a truck on the road, remember — it's not there just for the ride. It's loaded with cargo bound for some important destination — and ultimately that destination is you!

Yes, the economy of Michigan — and of every other state, in fact — is geared to motor transport.

Trucks are the key to our great achievements in production. They have made possible new products and new marketing methods. They've enabled us to go out into the rural and suburban areas and build homes and business projects.

It's no wonder that trucks have increased in number in Michigan from 150,190 in 1941 to 351,337 in 1954. Their popularity has grown because they've done such a magnificent job — for manufacturers, farmers, retailers, the public—EVERYONE!

Poem Praises Road Crew Workers

The following poem praising the highway crews of the United States was dropped off in our office by Carl Olson of Frederic. Although Mr. Olson was not the author, we felt it was well worth passing along:

THE HIGHWAY CREW

Give three cheers to the highway crew
To the men in dungarees.
They oil the roads and patch the holes,
And remove the fallen trees.
They work in the dust, or out in the rain
And under a blistering sun.
They keep the roads in tip top shape.
Their work is never done.
The crew is made up of all kinds of men,
Cat skimmers, blade men and clerks,
Truck drivers, laborers, paint men, mechanics,
And bosses to watch the whole works.

With one thing in common, that is their aim,
To keep the roads ready for you.
So when you're out driving notice the roads,
And give credit where credit is due.

State Republicans Seek Candidate For Speaker And Edge In House

Republicans are looking for a new speaker in the House of Representatives, hopeful they will retain the voting edge in 1957 that makes the search necessary. The party holding majority selects the speaker.

Speaker Wade Van Valkenberg (R-Kalamazoo) is retiring to his private law practice after the 1956 session. "The way things have been going in the past four years anything can happen next year," said one oldtimer.

Republicans now hold 59 seats and Democrats 51 in the 110-member House. This balance is fine enough to be upset for the first time since 1937. There's a lot of work is done in the hustings. And if Republicans do hold control in the House, the party will have to come up with a speaker. Others, his job concerns the delicate task of molding party opinion and keeping the party members from straying too far.

Under Van Valkenberg's regime there developed the "Young Turks," whose membership ranged between five and seven. On important votes in which they sided with Democrats, they controlled the chamber.

This happened in the 1955 session on the highway bill and again during the special sessions last fall on facilities for mentally retarded children.

Candidates for the job—assuming they are re-elected next November—include Reps. George M. Van Pelt, of Zeeland; Thomas M. Burns, of Saginaw; Andrew Bolt, of Grand Rapids and others who are still thinking about it. Bolt is a veteran in the chamber. Burns represents the Young Turks, and Van Pelt is a young committee chairman not identified with any special group.

Rep. Arnell Engstrom, of Traverse City, who lost the speaker's post to Van Valkenberg by one vote two years ago, has bowed himself out of the race next year. Engstrom said he would rather remain on the ways and means committee where his role has been growing in importance for the past four years.

Engstrom said he would rather remain on the ways and means committee where his role has been growing in importance for the past four years.

There is still talk that Republicans are getting ready to stage a draft movement for Detroit's Mayor Cobo to their candidate for governor. Cobo, reluctant to make any move of encouragement, but a group of party leaders is still courting him.

Discussion of Rep. Alvin E. Bentley, of Owosso, and Rep. Gerald Ford, of Grand Rapids, as choices has diminished in the past few weeks.

Ford has announced his decision to try again for Congress. Bentley has taken an elaborate poll among his constituents, which showed they think he is doing a good job in Washington.

Dr. John A. Hannah, president of Michigan State University,

takes every opportunity to decline the candidacy. There have been no other takers considered seriously.

The only major hopeful on the horizon at the moment is Cobo and he has announced he would stay in Detroit to "finish the job" but has left the door open for a draft movement.

As one Republican stalwart said: "Right now it looks bleak, but I suppose we'll have somebody when the time comes."

Discretionary Power for the conservation department over Michigan's deer herd is still waiting its biggest legislative battle.

Bills to restore the power were bottled up in a House committee. The Senate passed its own version as an amendment to a House bill, thus avoiding the same fate again.

House members who are critical of the department power to set season dates and let it reduce the size of the deer herd to fit food supply came up with another stratagem.

They tacked on another amendment fixing the department power to set season dates and let it reduce the size of the deer herd to fit food supply came up with another stratagem.

Both of these were earlier rejected by the Senate.

With one chamber objecting to discretionary powers and the other fighting amendments on the Saturday opening and veto powers, the bill is now in a conference committee.

Exports figure it is dead, but champions on both sides of the Capitol figure it may be revived in the dying moments of the session.

CAMP FUND BENEFIT SUPPER SUCCESSFUL

The cafeteria supper served by the Sunday School Teachers of Michigan Memorial church last Thursday evening for the benefit of the camp fund was termed a successful affair by co-chairmen Forrest Adams and Mrs. Harry McEvers.

A menu of roast beef, mashed potatoes, assorted meats and—cheese dishes, vegetables and salads, pie and cake was served to about 165 people.

Those who assisted in putting on the supper were Mrs. Ulfarley Russell, in charge of the dining room, the Misses Barbara Fenton, Carol Fenton, Irene Horning, Rae Wheeler, Jean Holtkamp. In the kitchen, Mrs. Carl E. Johnson, Mrs. Clarence Roberts, Mrs. Ted Wheeler, Mrs. Barney Engel, Mrs. Tom Haugh and Mrs. Glen Fenton.

At the serving tables—Mrs. Ted Thompson, Mrs. Jack Fenton, and Miss Frances May. Ted Wheeler, Ernest Larson and Barney Engel also contributed their help.

ry Good News . . .

The announcement this week by Rev. R. C. Puffer saying that he will enter the race to seek the seat of House of Representatives at Lansing now held by Peltz of Rogers City is extremely "good news" to those who know him . . . and should be told by his friends to those who do not know him.

For the past twelve years since we have lived in Grayling, the Presque Isle District of which Crawford County is a part, has been most ably represented by Peltz. Probably most everyone is like we are, in that we were so well represented by a man of integrity, courage, honor and intelligence, we never considered the future might bring.

That is why we say that Rev. Puffer's announcement is "good news". We are sure that with his election 33,000 people of our District will still have the same alert, honest and fine representation in Lansing that to which they have become accustomed.

Rev. Puffer has a fine background in the problems of observation, agriculture and education, all of which are a part of this part of the State most intimately. His work with the Church has brought him into contact with people from all over Michigan with whom he has exchanged ideas on the various problems facing the future of the lower Peninsula.

As we said before, it's "good news" for the people of the Presque Isle District when our fellow townsman decided to enter the race for the post of Representative from our District. — R. W. S.

Five Grayling Teensters Attend Youth Conference

Northern Michigan young people registered for the Taylor University Youth Conference April 13-15 total 80, according to Joe Kerlin, senior co-chairman. The three day conference on the campus at Upland, Indiana is sponsored by students to present the challenges of the Christian faith to high school and older youth. Registrations have been limited to about 1100, and over 500 more applied for whom there were not adequate accommodations.

Youths from more than 12 states are expected at the conference. Ann Donker serves with Kerlin as co-chairman of an all-student planning cabinet. Three discussion group sessions led by Taylor students will be held during the conference. These deal with practical issues young people face in religious experience. Other features of the conference include singings, a concert by the Taylor A Cappella Choir, a special missionary service, and devotional periods.

Special speakers for the Youth Conference are Dr. Eugene Nida, Secretary for Translations of the American Bible Society, and Evangelist Pete Riggs, Jacksonville, Illinois. Taylor President Evan Bergwall will speak at the Sunday morning worship service.

Those attending from Grayling were: Hans Andrews, Judy Larson, Melvin Luter, John Robertson and Larry Yoder. The five Grayling young people were driven to Taylor University and brought back by Rev. R. C. Puffer.

TODAY'S BIG SPECIAL

at a price that
will open your eyes
(and Purse)

If you're in the market for a real buy, take a good look at this one.

It's a 1956 Buick SPECIAL—which means, of course it's a big car.

But look again at the price news it carries.

It tells you this big Buick SPECIAL can be yours for only a few dollars more than the price of the well-known smaller cars—for even less than some models of those very same cars. (And the price we'll show you proves how true that is.)

The gospel truth is—this brawny new beauty is the biggest bundle of high style and hot performance ever offered in Buick's lowest-priced Series.

Even that, though, doesn't completely explain why Buick outsells every car in America except the two well-known smaller ones.

To understand the big reason, you've got to know something about how much pure automobile you get for your money in a 1956 Buick—

The extra satisfaction of commanding Buick's walloping new 322-cubic-inch V8 engine—

The extra joy and comfort of Buick's new buoyant ride, Buick's matchless new handling ease, Buick's extra solidity of structure—

The extra thrill that comes from the world's most modern transmission. For, at your option, you can also have the new double-action take-off—and the extra gas-saving mileage—of Buick's advanced new Variable Pitch Dynaflow.

Those are some of the things we'd like you to know, firsthand, about the 1956 Buick. And we'll let the car itself—and that low price tag—do the talking. Will you come in—real soon—this week maybe?

New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Mrs. Earl Hoffman were his sister-in-law, Mrs. Arthur Hoffman and daughters, Ginger and Debbie, and Mr. and Mrs. Richard Kramer of Detroit.

Mr. and Mrs. Grover Cason entertained her sisters, Mrs. Gale Cornwell and daughters, Brenda and Lina, and Mrs. Dale White, all of Ingham, Ill., the past week.

Mr. and Mrs. Andrew Larsen of Caro arrived Tuesday to spend a week with her sister, Mr. and Mrs. Earl Dawson.

Mrs. James Reynolds, who is seriously ill, was visited Sunday by Claude Reynolds and daughter Vera of Muskegon, Mr. and Mrs. Harry Reynolds of Midland, Don Reynolds of Mt. Pleasant and Mrs. Jess Green of Roscommon.

Thorvald Sorenson and daughter Mrs. Earl Jensen arrived Friday from the Jensen home in Detroit to spend the weekend here.

Mrs. Pauline Edmonds had the misfortune to fall and break her left arm Friday at the home of her sister, the Wm. Christensons. She entered the hospital Monday.

Dr. and Mrs. A. Van Vleck returned Monday after spending the winter in Arizona and Florida.

Mrs. George Griffith and Mrs. Royal Wright drove with Mrs. Allen Stevenson to Traverse City Tuesday of last week where the

latter took a plane to Chicago to visit her parents for some time. Mrs. George Griffith and Mrs. Harold MacNeven were given a birthday dinner at Shoppenagon Inn Tuesday of last week by Mrs. C. G. Clippert, Mrs. Roy Slinger, Mrs. Royal Wright, Mrs. Glen Penrod, Mrs. C. R. Keyport and Mrs. Oscar Hanson. The group proceeded to the Keyport home for cards after dinner.

A/1c Arthur Bentley arrived Monday from Washington, D. C. to spend a 15-day leave visiting his parents, Mr. and Mrs. Albert Bentley. The Van Smiths spent last Saturday in Traverse City.

We take this means to thank publicly the many who so quickly responded to our call for help last Thursday evening when Portia, our two year old daughter, was missing. The fact that she was located within an hour is evidence of the effectiveness of local authorities, particularly Rolla Felling (and his wife), Clarence Roberts and Russell Wright from the Conservation Dept. and Art Clough, Jr., from the City Police and many others. To those and the many others we are deeply grateful.

DURABLE.

Michigan beaver and other seasons start in late March and continue into April and an estimated 4,000 trappers will try their luck on ponds and streams throughout the state. Under Conservation Department control in recent years, the catch of these animals has been high. Season lengths are better regulated and bag limits cut or increased to give trappers chance to harvest the annual surplus without loss to disease, predation and other causes.

Beaver and other seasons mean plenty of activity for some 4,000 Michigan trappers during late March and early April. Last year, trappers took about 16,700 beavers and an all-time high of 600 otters. The season record for beaver catch was set in 1953 when about 17,500 were trapped—more than were taken in Alaska that year.

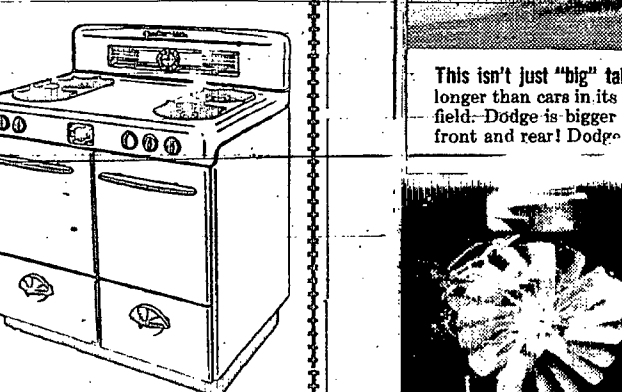

The annual catch by Michigan trappers has been increasing in recent years, under Conservation Department regulation of season lengths and bag limits. Proper management practices promote balanced populations and sustained yield.

The valuable furbearers may be trapped from March 25 to April 7 in northeastern counties of the lower peninsula and in the northern part of eastern areas where beaver populations warrant fairly liberal regulations. The remainder of the U. P. will have an April 1-13 season.

Season bag limits permit U. P. trappers to take six beavers and three otters while lower peninsula limits allow four beavers and three otters. Some areas with lower beaver and other populations, including all of Gratiot, Saginaw, Wexford and Manistee counties in the lower peninsula, are closed to trapping this year.

CARD OF THANKS
I wish to thank everyone for the beautiful cards received during my recent illness, the Lovells Ladies Club for the beautiful plant, also Father Breitenstein for his cheery greeting each day. It is a wondrous feeling to know I am again so many friends.

G. O. C. News

A second group of Ground Observer Corps members will make the trip to the radar center at Empire on April 23rd. Those who will be awarded their wings at the center include, Miss Arlene Denewitt, Miss Joan Denewitt, Mrs. Robert Lovell, Leo Rochette and Mrs. Earl Broadbent.

The tour leaves the Grayling post at 9 o'clock in the morning promptly, so everyone expecting to go should be at the post prior to that time.

Home Extension News
The Lake Margrethe Home Extension Group met Monday at the home of Mrs. June Crouch. Election of officers was held as follows: Mrs. June Crouch, chairman; Mrs. Lucille Wade, sec'y-treasurer; Mrs. Arleen Halstead and Mrs. Lois Collen, leaders; Mrs. Olive Lovely, reporter; Mrs. Elsie Jensen and Mrs. Lois Collen, council members. Plans were made for Achievement Day, May 2nd. After the lesson, Family Fun, a delicious lunch was served by the hostess.

LOVELLS HOME DEMONSTRATION MEETING

The Lovells Home Demonstration Group met at the home of Mrs. Pat Harwood, March 18th. Six members and one guest responded to roll call. Come again, Emma, it was nice having you with us.

After a delicious luncheon, Mrs. Harold Johnson gave a talk on landscaping. She really made it interesting by having drawings of homes and cutouts of different trees and shrubs. Leave it to Millers to put something like that across.

Last but not least Margie had a couple of games for us to enjoy. Emma and Harriet were the lucky prize winners.

The next meeting will be at the home of Mrs. Robert Steckling, April 18th. So turn out, all you gals who didn't make the mystery tour the 12th of April, and hear all about it.

The meeting adjourned at 4:00

But before you actually make the move...

DISCOVER THE DIFFERENCE IN DODGE!

This isn't just "big" talk. Dodge actually is bigger all around—up to 7.7 inches longer than cars in its own field, 14.5 inches longer than cars in the "low price" field. Dodge is bigger inside, too. More legroom front and rear! More hiproom front and rear! Dodge gives you plenty of room to relax in comfort.

Dodge push-button PowerFlite makes every other way of driving old-fashioned. It's mechanically perfect—the easiest, safest, surest way of driving ever developed. Just a touch-a-button and

Who says parking isn't fun? Dodge power steering does 80% of the work, takes fewer turns of the wheel than other cars.

Solid—that's the way Dodge builds 'em! From the frame right on up, Dodge is engineered to take the roughest punishment. EXAMPLE: Box-section side rails provide greater strength and ruggedness than common I-beam or U-channel type used in most other car frames. Crossmembers are extra heavy. Here's solid dependability.

Dodge is powered for today's driving! Aircraft-type 260 hp. V-8 engine develops tremendous break-away power!

You can stop on a dime—with Dodge power brakes. Front wheel-brakes have two cylinders, two anchors for positive, predictable stops.

It's America's performance champion! No other car has ever given such proof of superior performance. In a 14-day run at Bonneville, Dodge outclassed American stock cars and European sports cars both—shattered 306 AAA records in all, including 27 world records.
